Integrations & Backend

PHP · SMTP Setup · Mailchimp · Twilio · WooCommerce Payments · FTP / cPanel

Tools & DevOps

Git · GitLab · Docker · FileZilla · Local WP · Codex · Claude AI · Arena.ai

PROFESSIONAL EXPERIENCE

WordPress Developer | Webskitters Technology Solutions Pvt. Ltd.

Sep 2024 – Present

- Build and customise WordPress & WooCommerce websites end-to-end: custom themes, plugins, shortcodes, widgets, and PHP hooks tailored to client requirements.
- Integrate WooCommerce payment gateways, manage product catalogues, and handle backend order/inventory configuration.
- Work with page builders (Elementor, WPBakery) and version control tools (GitLab, Git, FTP, Docker) in a structured team workflow.
- Set up SMTP, Mailchimp, Twilio, and other third-party email/marketing/communication integrations.
- Leverage AI-powered development tools (Codex, Claude, Antigravity, Arena.ai) to accelerate delivery and enable advanced customisations.
- Manage full project lifecycle from Figma/PSD design handoff through development, QA, deployment, and client handover with documentation.
- Handle day-to-day client communication, requirement discussions, revision feedback, post-deployment support, and maintenance.
- Coordinate with project coordinators and cross-functional team members to ensure on-time delivery.

- Perform basic on-page SEO and page speed optimisation (Core Web Vitals) as part of delivery standards.

WordPress Developer | [Evolv109 Technologies](#)

May 2023 – Aug 2024

- Developed responsive websites using WordPress, HTML5, CSS3, Shopify, and ClickFunnels/funnel page builders.
- Built and customised Go High Level (GHL) workflows, automations, and WordPress-GHL integrations for marketing clients.
- Converted Figma and PSD designs into pixel-perfect, mobile-responsive web pages with strong page speed scores.
- Handled CMS updates, UI enhancements, bug fixes, and ongoing maintenance across a diverse client portfolio.

Junior Front End Developer (Intern) | [Epeek Solutions Pvt. Ltd.](#)

Jan 2023 – Apr 2023

Completed 3-month internship (9 Jan – 9 Apr 2023).

- Built and styled web pages using HTML5, CSS3, and Webflow during structured internship programme.
- Assisted with basic on-page SEO tasks including meta tags, heading structure, and image optimisation.
- Gained foundational experience in responsive design and cross-browser compatibility best practices.
